IN RE: Application of Commonwealth Long Distance) ORDER
Company for a Certificate of Public) APPROVING
Convenience and Necessity to Provide Intra-) CERTIFICATE
state Resold Telecommunications Services)
within the State of South Carolina.)

This matter comes before the Public Service Commission of South Carolina (the "Commission") by way of the Application of Commonwealth Long Distance Company ("CLD" or the "Company") requesting a Certificate of Public Convenience and Necessity authorizing it to operate as a reseller of intrastate interexchange telecommunications services in the State of South Carolina. The Company's Application was filed pursuant to S.C. Code Ann. §58-9-280 (Supp. 1995) and the Regulations of the Public Service Commission of South Carolina.

The Commission's Executive Director instructed CLD to publish, one time, a prepared Notice of Filing in newspapers of general circulation in the affected areas. The purpose of the Notice of Filing was to inform interested parties of CLD's Application and of the manner and time in which to file the appropriate pleadings for participation in the proceeding. CLD complied with this instruction and provided the Commission with proof of publication

of the Notice of Filing. No Petitions to Intervene were received by the Commission.

A hearing was commenced on July 2, 1996, at 11:00 a.m., in the Commission's Hearing Room. The Honorable Guy Butler, Chairman, presided. CLD was represented by B. Craig Collins, Esquire. Florence P. Belser, Staff Counsel, represented the Commission Staff.

Pamela Hintz, Contracts Administrator of CLD, appeared and offered testimony in support of CLD's Application. Ms. Hintz stated that CLD is a Pennsylvania corporation which is registered to do business in South Carolina as a foreign corporation. According to Ms. Hintz, CLD proposes to offer long distance services using resold transmission services of carriers certificated to carry traffic in South Carolina. Ms. Hintz explained the Company's request for authority to provide interexchange telecommunications services in South Carolina as a reseller. The record reveals the Company's services, operations and marketing procedures.

Ms. Hintz also explained that CLD possesses the technical, financial and managerial abilities to provide its services in South Carolina. Ms. Hintz further testified that the Company would make certain changes to its proposed tariff to comply with Commission guidelines and prior Orders. During direct testimony, Ms. Hintz stated that CLD had provided previous intrastate service in South Carolina inadvertently as a result of acquiring a large customer in Pennsylvania which has satellite offices in South Carolina. She

asserted that CLD had not actively sought to provide intrastate service in South Carolina and did not market its services to the public in South Carolina. In light of these facts, counsel for CLD made a Motion that the Commission consider the circumstances and, in this instance, waive the refund requirement for this service. According to Ms. Hintz, the approximate gross amount of the revenue obtained from these calls is \$750.

After full consideration of the applicable law, the Company's Application, and the evidence presented at the hearing, the Commission hereby issues its findings of fact and conclusions of law:

FINDINGS OF FACT

1. CLD is incorporated under the laws of the State of Pennsylvania and is licensed to do business as a foreign corporation in the State of South Carolina by the Secretary of State.

2. CLD operates as a non-facilities based reseller of interexchange services and wishes to provide its services in South Carolina.

3. CLD has the experience, capability, and financial resources to provide the services as described in its Application.

CONCLUSIONS OF LAW

1. Based on the above findings of fact, the Commission determines that a Certificate of Public Convenience and Necessity should be granted to CLD to provide intrastate interLATA service and to originate and terminate toll traffic within the same LATA,

as set forth herein, through the resale of intrastate Wide Area Telecommunications Services (WATS), Message Telecommunications Service (MTS), Foreign Exchange Service, Private Line Service, or any other services authorized for resale by tariffs of carriers approved by the Commission.

2. The Commission adopts a rate design for CLD for its resale services which includes only maximum rate levels for each tariff charge. A rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels has been previously adopted by the Commission. In Re: Application of GTE Sprint Communications Corporation, etc., Order No. 84-622, issued in Docket No. 84-10-C (August 2, 1984).

3. CLD shall not adjust its rates below the approved maximum level without notice to the Commission and to the public. CLD shall file its proposed rate changes, publish its notice of such changes, and file affidavits of publication with the Commission two weeks prior to the effective date of the changes. However, the public notice requirement is waived, and therefore not required, for reductions below the maximum cap in instances which do not affect the general body of subscribers or do not constitute a general rate reduction. In Re: Application of GTE Sprint Communications, etc., Order No. 93-638, issued in Docket No. 84-10-C (July 16, 1993). Any proposed increase in the maximum rate level reflected in the tariff which would be applicable to the general body of the Company's subscribers shall constitute a general ratemaking proceeding and will be treated in accordance

with the notice and hearing provisions of S.C. Code Ann. §58-9-540 (Supp. 1995).

4. CLD shall file its revised maximum tariff and an accompanying price list within thirty (30) days of the date of this Order. The revised tariff shall be consistent with the findings of this Order and shall be consistent with the Commission's Rules and Regulations.

5. CLD is subject to access charges pursuant to Commission Order No. 86-584, in which the Commission determined that for access purposes resellers should be treated similarly to facilities-based interexchange carriers.

6. With regard to the Company's resale of service, an end-user should be able to access another interexchange carrier or operator service provider if the end-user so desires.

7. CLD shall resell the services of only those interexchange carriers or LECs authorized to do business in South Carolina by this Commission. If CLD changes underlying carriers, it shall notify the Commission in writing.

8. With regard to the origination and termination of toll calls within the same LATA, CLD shall comply with the terms of Order No. 93-462, Order Approving Stipulation and Agreement, in Docket Nos. 92-182-C, 92-183-C, and 92-200-C (June 3, 1993).

9. CLD shall file surveillance reports on a calendar or fiscal year basis with the Commission as required by Order No. 88-178 in Docket No. 87-483-C. The proper form for these reports is indicated on Attachment A.

10. The Commission grants CLD's Motion and hereby waives the requirement that CLD refund to its customers the fees charged for intrastate service provided in South Carolina prior to certification by this Commission.

11. This Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:
